PROFESSIONAL RACING EXPERIENCE

Trans AM TA2 - Silver Hare Racing | 2025 - Present

Part-time TA2 campaign in 2025; advanced to a full-time Trans Am TA2 program in 2026.

Five career TA2 podium finishes.

Developing in a high-horsepower, purpose-built platform with Silver Hare Racing.

Expanded experience in braking, tire management, car control, race strategy and technical feedback.

Demonstrated adaptability moving between momentum-based MX-5 Cup racing and TA2 competition.

Mazda MX-5 Cup | 2024 - Present

2026 Daytona Race 1 Winner

Won MX 5 Cup race in a dramatic three-wide finish at Daytona International Speedway.

2026 Virginia International Raceway (VIR) Race Winner

Won round 10 in Mazda MX 5 Cup at VIR, led the most laps.

2024 Mazda MX-5 Cup Shootout Champion

Earned a \$150,000 Mazda scholarship for the 2025 season.

2023 Mazda Shootout Finalist – Fastest Lap

MAZDA MX-5 CUP PROFESSIONAL COMPETITION

Professional MX-5 Cup debut at Daytona: qualified 5th and was the highest qualifying rookie.

Multiple Top 5 finishes, including 2nd and 5th during the Petit Le Mans weekend.

Built experience in drafting, pack racing, race restarts, tire management and executing under pressure.

Developed professional level race craft in one of North America's closest most competitive spec series.

MAZDA DRIVER DEVELOPMENT & SHOOTOUT

Progressed from SM, Spec MX-5 competition into Mazda's professional driver development pathway.

Spec MX-5: 2 race wins and 4th in the championship during an 8-race campaign.

Selected as a Mazda MX-5 Cup Shootout finalist after strong Spec MX-5 performance.

Set the fastest lap in the final Shootout session during an earlier Shootout appearance.

Returned to the Mazda Shootout and won the 2024 competition, securing the \$150,000 scholarship.

SCCA

2nd place - 2024 SCCA National Championship Runoffs.

Multiple 1st & 2nd place finishes at Sebring, Road Atlanta, Daytona, CMP, Roebbing, Road America

Consistent front-running performance across a variety of technically demanding road courses

Proven ability to adapt quickly to different tracks, conditions and race environments

Developed strong skills in qualifying, race starts, restarts, traffic management and close-quarters competition.

KARTING FOUNDATION

2021 Florida State Karting Champion, SSKC Winner, OKC Champion, ROK Sr. Winter Tour Champion

Lucas Oil School of Racing graduate and race winner, 2ND place in Lucas Oil Winter Series

Hands-on mechanical development and car preparation experience during early racing career.

DRIVER STRENGTHS

Race-winning performance and proven ability to execute in close competition.

Ability to bring title sponsors to motor racing

Strong mechanical understanding and clear technical communication with engineers and crew.

Structured use of data, video and post-session analysis to improve performance.

Elite physical preparation through cycling, endurance training and triathlon.

Professional approach to team, manufacturer, sponsor and partner representation.

CAREER OBJECTIVE

Continue progressing with a championship-caliber professional racing organization where engineering, preparation, driver development and winning performance are the standard. My goal is to build on Mazda MX-5 Cup race win, Mazda Shootout championship and growing TA2 experience at the next level of professional sports car racing. Earn the opportunity, prove I belong, and turn that opportunity into results

2026 DAYTONA & VIR WINS | 2024 MAZDA SHOOTOUT CHAMPION | 5 TA2 PODIUMS
